**SCHOOL IMPROVEMENT
STRATEGIES**

Build Community

Create a sense of involvement for all school community members.

- School events
- Parent meetings
- Newsletters
- Clear rules and consequences

Communicate a Clear Vision

Work with the end in mind!

- Goals set by the school team
- Plan strategies very carefully
- Identify successes and challenges

Focus on Teaching and Learning

- Set high expectations for every individual in the school community
- Identify areas of similarities and differences in curriculum
- Get everyone involved in the learning process

Analyze Data

- Regular sessions conducted by the leadership team
- Create an environment to change based on data results (Data Driven Decision Making)
- Generate unique statistical opportunities

Arrange Resources

- Identify and plan for the use of all resources
- Monitor how resources are used and adjust
- Match resources with students' academic needs

Professional Development

Make effective professional development a priority.

- TAP
- Faculty study sessions
- District PD
- Lesson feedback
